The Park/Concession Stand/Big Picture

- We have had some individuals express their concern over the entrance of Michael Mills park where the memorial is with the flags, being in disrepair. I was wondering if the Park Board would take a look at it and possibly give some ideas to rehab it or maybe even look at changing it to some type of stone block. I am open to ideas and we could even get quotes from Wood Duck to see what could be done. I don't expect the funds to come out of the activities budget, but probably need to get some pricing so I can include it in the City's budget for next year.
- With the current state of the sign at Michael Mills, I got a quote for IPI to replace the sign. IT is attached. I am going to get it ordered. Please let me know if there are any more change the board would like to recommend for the entrance to Michael Mills Park. Either way the sign needs to be replaced and I thought it would be good to get it ordered
- Big Picture what do we want the ball field facility to look like? Steps to get this going? - create a survey
