

Parks and Recreation Meeting Minutes

Thursday, 10-20-2022

Football

Flag Football is over. What went well: Kids liked having the opportunity. Areas for improvement: Lack of participants.

Basketball

Basketball registration is currently open until Nov. 7th. Registration information was re-sent out to encourage more students to sign up because several grades do not have a full team. As of today, 36 players are registered and each team has a head coach. Mid-November we will find out how many weekends Panora will be hosting games on Saturday.

Sponsorship donations will be requested starting next week. Levels to Donate: \$100 & \$50. Donation gives donor business logo on 6 ft by 2.5 ft banner which will be hung in the H.S. and M.S. gyms. A Venmo account would like to be started to give participants an easier way to pay (also for concessions, see below).

After reviewing several bids, the board voted T&K Designs will provide basketball jerseys and shorts. All players are ordering new uniforms.

Coaches meeting date and time to be determined. Items to be addressed at meeting: Dates and times available for practices, rules for each grade level, and picture deadline within first 3 weeks of season - photographer choices: Mallory Quick, Heather Hellman, Kattleson, Betty Cooper.

Concessions for basketball will be run by Parks and Recreation for Saturday games.

Volleyball – Alex and Denise Olsen updated that games start Dec. 3 and will be in Des Moines. Registration funds: \$1900 from registration minus Jersey cost = \$337 profit.

Softball / Baseball

We are looking to find a softball and baseball rep.

A proposal was made to the city to build a new concession stand in Michael Mills Park and it was approved. Plans for new concession stand will be completed by next week.

Preparation for winter has started, nets have been taken down.

Action Items:

- Inquire about Venmo
- Find a softball and baseball rep.
- Plans to be presented to the city for the concession stand was approved.
- Send out agenda items for next meeting.
 - What day of the week works best for everyone to meet next?
